Hi Josh,

Last summer, Terry and Jeremy met with UCP to discuss how construction workers should access the building. Balfour's logistics plan (attached) was reviewed and approved by FERC Security, and then approved by the project team.

As we near the start of the bid process, UCP thought it would be beneficial to reconnect with FERC Security and DLM to reconfirm how security will be addressed during the project – specifically external access points and worker clearances. We want to ensure that Chris and Balfour have all the requirements.

Would next Thursday, the 10th at 9:15 am work for DLM and Security? UCP is also available on Tuesday, the 8th (from 9am to 3pm) and Friday, the 11th (from 9a to 2pm).

Please let us know which date works best for you and your team.

Thanks,

Tracey D. Dickens, LEED AP O+M
